

SILVERCREST METALS INC.

ANNUAL GENERAL MEETING OF SHAREHOLDERS

INFORMATION CIRCULAR

GENERAL INFORMATION

This Information Circular is furnished to the holders (“shareholders”) of common shares (“Common Shares”) of SilverCrest Metals Inc. (the “Company”) by management of the Company in connection with the solicitation of proxies to be voted at the annual general meeting (the “Meeting”) of the shareholders to be held at SFU Harbour Centre, Room 2200, 515 West Hastings Street, Vancouver, British Columbia on Thursday, May 30, 2019, at 10:00 a.m. (Vancouver time) and at any adjournment thereof, for the purposes set forth in the accompanying Notice of Meeting.

PROXIES

Solicitation of Proxies

The enclosed Proxy is solicited by and on behalf of management of the Company. The persons named in the enclosed Proxy form are management-designated proxyholders. A registered shareholder desiring to appoint some other person (who need not be a shareholder) to represent the shareholder at the Meeting may do so either by inserting such other person’s name in the blank space provided in the Proxy form or by completing another form of proxy. To be used at the Meeting, proxies must be received by Computershare Investor Services Inc. (“Computershare”), Proxy Department, 100 University Avenue, 8th Floor, Toronto, Ontario M5J 2Y1 by 10:00 a.m. (Vancouver time) on May 28, 2019, or, if the Meeting is adjourned, by 10:00 a.m. (Vancouver time), on the second last business day prior to the date on which the Meeting is reconvened, or may be accepted by the chairman of the Meeting prior to the commencement of the Meeting. Solicitation will be primarily by mail, but some proxies may be solicited personally or by telephone by regular employees or directors of the Company at a nominal cost. The cost of solicitation by management of the Company will be borne by the Company.

Notice and Access Process

The Company has decided to take advantage of the notice-and-access provisions (“Notice and Access”) under the Canadian Securities Administrators’ National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“NI 54-101”) for the delivery of the Information Circular to its shareholders for the Meeting. The use of the alternative Notice and Access procedures in connection with the Meeting helps reduce paper use, as well as the Company’s printing and mailing costs.

Under Notice and Access, instead of receiving printed copies of the Information Circular, shareholders receive a notice (“Notice and Access Notification”) with information on the Meeting date, location and purpose, as well as information on how they may access the Information Circular electronically or request a paper copy. The Company will arrange to mail paper copies of the Information Circular to those registered and beneficial shareholders who have existing instructions on their account to receive paper copies of the Company’s proxy-related materials.

Non-Registered Holders

Only registered holders of Common Shares or the persons they appoint as their proxyholders are permitted to vote at the Meeting. In many cases, however, Common Shares beneficially owned by a holder (a “Non-Registered Holder”) are registered either:

- (a) in the name of an Intermediary (an “Intermediary”) that the Non-Registered Holder deals with in respect of the shares. Intermediaries include banks, trust companies, securities dealers or brokers, and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans, or
- (b) in the name of a clearing agency (such as The Canadian Depository for Securities Limited (CDS)) of which the Intermediary is a participant.

Non-Registered Holders who have not objected to their Intermediary disclosing certain ownership information about themselves to the Company are referred to as “NOBOs”. Those Non-Registered Holders who have objected to their Intermediary disclosing ownership information about themselves to the Company are referred to as “OBOs”.

In accordance with the requirements of NI 54-101, the Company has elected to send the Notice and Access Notification in connection with the Meeting directly to the NOBOs and indirectly through Intermediaries to the OBOs.

The Intermediaries (or their service companies) are responsible for forwarding the Notice and Access Notification to each OBO, unless the OBO has waived the right to receive proxy-related materials from the Company. Intermediaries will frequently use service companies to forward proxy-related materials to the OBOs. Generally, an OBO who has not waived the right to receive proxy-related materials will either:

- (a) be given a form of proxy which has already been signed by the Intermediary (typically by a facsimile, stamped signature), which is restricted as to the number of shares beneficially owned by the OBO and must be completed, but not signed, by the OBO and deposited with Computershare; or
- (b) more typically, be given a voting instruction form (“VIF”) which is not signed by the Intermediary, and which, when properly completed and signed by the OBO and returned to the Intermediary or its service company, will constitute voting instructions which the Intermediary must follow.

The Company will not be paying for Intermediaries to deliver to OBOs (who have not otherwise waived their right to receive proxy-related materials) copies of proxy-related materials and related documents (including the Notice and Access Notification). Accordingly, an OBO will not receive copies of proxy-related materials and related documents unless the OBO’s Intermediary assumes the costs of delivery.

Applicable proxy-related materials are being sent to both registered shareholders of the Company and Non-Registered Holders. If you are a Non-Registered Holder, and the Company or its agent has sent the applicable proxy-related materials to you, your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the Intermediary holding on your behalf. By choosing to send these materials to you directly, the Company (and not the Intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

The Notice and Access Notification and any proxy-related materials sent to NOBOs who have not waived the right to receive proxy-related materials are accompanied by a VIF, instead of a proxy form. By returning the VIF in accordance with the instructions noted on it, a NOBO is able to instruct the voting of the common shares of the Company owned by the NOBO.

VIFs, whether provided by the Company or by an Intermediary, should be completed and returned in accordance with the specific instructions noted on the VIF. The purpose of this procedure is to permit Non-Registered Holders to direct the voting of the common shares of the Company which they beneficially own. Should a Non-Registered Holder who receives a VIF wish to attend the Meeting or have someone else attend on the Non-Registered Holder’s behalf, the Non-Registered Holder may request a legal proxy as set forth

in the VIF, which will grant the Non-Registered Holder, or the Non-Registered Holder's nominee, the right to attend and vote at the Meeting.

Non-Registered Holders should return their voting instructions as specified in the VIF sent to them. Non-Registered Holders should carefully follow the instructions set out in the VIF, including those regarding when and where the VIF is to be delivered.

Although Non-Registered Holders may not be recognized directly at the Meeting for the purpose of voting common shares of the Company registered in the name of their broker, agent or nominee, a Non-Registered Holder may attend the Meeting as a proxyholder for a registered shareholder and vote common shares in that capacity. Non-Registered Holders who wish to attend the Meeting and indirectly vote their common shares as proxyholder for the registered shareholder should contact their broker, agent or nominee well in advance of the Meeting to determine the steps necessary to permit them to indirectly vote their common shares as a proxyholder.

Revocability of Proxies

A registered shareholder who has given a Proxy may revoke it by an instrument in writing that is:

- (a) executed by the shareholder giving same or by the shareholder's attorney authorized in writing or, where the shareholder is a corporation, by a duly authorized officer or attorney of the corporation, and
- (b) delivered either to the registered office of the Company (19th Floor, 885 West Georgia Street, Vancouver, British Columbia V6C 3H4) at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, or to the chairman of the Meeting on the day of the Meeting or any adjournment thereof before any vote in respect of which the Proxy is to be used shall have been taken,

or in any other manner provided by law.

NOBOs who wish to revoke their voting instructions should contact Computershare at telephone number 1-800-564-6253. OBOs who wish to revoke a voting instruction form or a waiver of the right to receive proxy-related materials should contact their Intermediaries for instruction.

Voting of Proxies

Common Shares represented by a shareholder's Proxy form will be voted or withheld from voting in accordance with the shareholder's instructions on any ballot that may be called for at the Meeting and, if the shareholder specifies a choice with respect to any matter to be acted upon, the Common Shares will be voted accordingly. **In the absence of any instructions, the management-designated proxyholder named on the Proxy form will cast the shareholder's votes in favour of the passage of the resolutions set forth herein and in the Notice of Meeting.**

The enclosed Proxy form confers discretionary authority upon the persons named therein with respect to (a) amendments or variations to matters identified in the Notice of Meeting and (b) other matters which may properly come before the Meeting or any adjournment thereof. At the time of printing of this Information Circular, management of the Company knows of no such amendments, variations or other matters to come before the Meeting other than the matters referred to in the Notice of Meeting.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

Only Common Shares carry voting rights at the Meeting, with each Common Share carrying the right to one vote. The board of directors of the Company (“Board of Directors” or “Board”) has fixed April 10, 2019, as the record date (“Record Date”) for the determination of shareholders entitled to receive notice of and to vote at the Meeting and at any adjournment thereof, and only shareholders of record at the close of business on that date are entitled to such notice and to vote at the Meeting. As of the Record Date, 85,474,316 Common Shares were issued and outstanding as fully paid and non-assessable.

To the knowledge of the directors and executive officers of the Company, as at the Record Date, no person beneficially owned, or controlled or directed, directly or indirectly, shares carrying 10% or more of the voting rights attached to the Company’s issued and outstanding Common Shares.

VOTES NECESSARY TO PASS RESOLUTIONS AT THE MEETING

Under the Company’s Articles, the quorum for the transaction of business at the Meeting consists of two shareholders entitled to vote at the Meeting, whether present in person or represented by proxy, holding in the aggregate at least 5% of the issued shares entitled to be voted at the meeting. Under the *Business Corporations Act* (British Columbia) and the Company’s Articles, a simple majority of the votes cast at the Meeting (in person or by proxy) is required in order to pass the resolutions referred to in the accompanying Notice of Meeting.

APPOINTMENT OF AUDITOR

The persons named in the enclosed Proxy form intend to vote for the appointment of Davidson & Company LLP, Chartered Professional Accountants, as the auditor of the Company to hold office until the next annual general meeting of shareholders of the Company. Davidson & Company LLP was first appointed as auditor of the Company on June 23, 2015.

ELECTION OF DIRECTORS

The number of directors of the Company was last fixed by the shareholders at seven. Due to director changes since the last annual general meeting of the Company, the Company currently has five directors. At the Meeting, shareholders will be asked to fix the number of directors at six and to elect six directors. The persons named below are the six nominees of management for election as directors, all of whom (except for Ani Markova) are current directors of the Company. Each nominee elected will hold office as a director until the next annual general meeting or until the director’s successor is elected or appointed, unless the director’s office is earlier vacated under any of the relevant provisions of the Articles of the Company or the *Business Corporations Act* (British Columbia). It is the intention of the persons named by management as proxyholders in the enclosed proxy form to vote for the election to the Board of Directors of those persons hereinafter designated as nominees for election as directors. The Board of Directors does not contemplate that any of such nominees will be unable to serve as a director; however, if for any reason any of the proposed nominees do not stand for election or are unable to serve as such, **proxies in favour of management designees will be voted for another nominee in their discretion unless the shareholder has specified in the shareholder’s proxy form that the shareholder’s shares are to be withheld from voting in the election of directors.**

The following table sets out the name of each of the persons proposed to be nominated for election as a director; all positions and offices in the Company presently held by them; their principal occupation, business or employment (and, in the case of Hannes P. Portmann and Ani Markova, who are being nominated for election as a director of the Company at a shareholders' meeting of the Company for the first time, also their principal occupation and employment for the last five years); the period during which they each served as a director; and the number of Common Shares that they each have advised are beneficially owned, or controlled or directed, directly or indirectly, as at the Record Date.

The Company will publish details of any such additional director nominations through a public announcement in accordance with the Advance Notice Policy.

Cease Trade Orders, Bankruptcies, Penalties or Sanctions

Other than as disclosed herein, none of the proposed directors is, as at the date of this Information Circular, or has been, within the ten years preceding the date of this Information Circular, a director, chief executive officer or chief financial officer of any company (including the Company) that

- (a) was subject to a cease trade or similar order or an order that denied the relevant company access to any exemption under securities legislation that was in effect for a period of more than 30 consecutive days (collectively, an “Order”), when such Order was issued while the person was acting in the capacity of a director, chief executive officer or chief financial officer of the relevant company; or
- (b) was subject to an Order that was issued after such person ceased to be a director, chief executive officer or chief financial officer of the relevant company, and which resulted from an event that occurred while the person was acting in the capacity of a director, chief executive officer or chief financial officer of the relevant company.

Ross O. Glanville, a director of the Company, was also a director of Clifton Star Resources Inc. (“Clifton”) (now First Mining Finance Corp.) when the British Columbia Securities Commission (“BCSC”) issued a cease trade order on July 22, 2011, in connection with Clifton’s failure to file technical reports and material change reports in the required forms in respect of disclosure of Clifton’s mineral resource estimates on its material properties. After changes in Clifton’s management and three of the members of the Board of Directors (as well as the appointment of Mr. Glanville as Chairman of Clifton), and the filing of the relevant documents, the BCSC revoked the cease trade order on March 5, 2012, and the TSX Venture Exchange (the “TSX-V”) reinstated the trading of Clifton’s stock on March 9, 2012. In connection with a plan of arrangement transaction among Clifton and First Mining Finance Corp. completed in April 2015, Clifton ceased to be listed on any stock exchange or be a reporting issuer in any jurisdiction.

In December 2010, Graham C. Thody was a director of SilverCrest Mines Inc. (“SilverCrest Mines”) when SilverCrest Mines received notification of administrative proceedings from the United States Securities and Exchange Commission (“SEC”). This notification was issued as a result of a registration statement filed in 1999 by Strathclair Ventures Ltd., a predecessor company to SilverCrest Mines which was under different management until SilverCrest Mines assumed control in 2003. The order alleged that Strathclair (subsequently SilverCrest Mines) had not filed periodic reports with the SEC sufficient to maintain its registration in the United States. Following discussions with the SEC, and in order to remedy the situation, SilverCrest Mines entered into a consent order with the SEC dated January 10, 2011, through which SilverCrest Mines agreed to the revocation of the registration of its common shares under the United States Securities Exchange Act of 1934. As a result, broker-dealers in the United States were unable to effect transactions in the common shares of SilverCrest Mines. On May 31, 2011, SilverCrest Mines filed a registration statement on Form 40-F for the purpose of registering its common shares under the United States Securities Exchange Act of 1934. Upon the registration statement taking effect on August 1, 2011, broker-dealers in the United States were able to effect transactions in common shares of SilverCrest Mines in the United States. In connection with a plan of arrangement transaction among the Company, SilverCrest Mines and First Majestic Silver Corp. completed in October 2015, SilverCrest Mines ceased to be listed on any stock exchange or be a reporting issuer in any jurisdiction.

Other than as disclosed herein, no proposed director is, as at the date of this Information Circular, or has been, within the ten years preceding the date of this Information Circular, a director or executive officer of any company (including the Company) that, while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets.

No proposed director has, within the ten years preceding the date of this Information Circular, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of that person.

Other than as disclosed herein, no proposed director has been subject to (a) any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority, or (b) any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable security holder in deciding whether to vote for a proposed director.

CORPORATE GOVERNANCE DISCLOSURE

The Canadian Securities Administrators have adopted National Instrument 58-101 – *Disclosure of Corporate Governance Practices* (“NI 58-101”) which requires issuers to disclose on an annual basis their corporate governance practices in accordance with NI 58-101. Corporate governance disclosure of the Company is set out in Appendix A to this Information Circular.

COMPENSATION OF EXECUTIVE OFFICERS AND DIRECTORS

Executive Officer Compensation

Set out below are particulars of compensation paid to the following persons (the “Named Executive Officers” or “NEOs”):

- (a) an individual who acted as chief executive officer of the Company, or acted in a similar capacity, for any part of the most recently completed financial year (“CEO”);
- (b) an individual who acted as chief financial officer of the Company, or acted in a similar capacity, for any part of the most recently completed financial year (“CFO”);
- (c) each of the three most highly compensated executive officers of the Company, including any of its subsidiaries, or the three most highly compensated individuals acting in a similar capacity, other than the CEO and CFO, at the end of the most recently completed financial year whose total compensation was, individually, more than \$150,000 for that financial year; and
- (d) each individual who would be an NEO under paragraph (c) but for the fact that the individual was neither an executive officer of the Company or its subsidiaries, nor acting in a similar capacity, at the end of that financial year.

In respect of the Company’s financial year ended December 31, 2018, the Company had five NEOs, namely N. Eric Fier (CEO), Anne Yong (CFO), Christopher Ritchie (President), Pierre Beaudoin (Chief Operating Officer (“COO”)) and Nicholas Campbell (Vice-President, Business Development).

Compensation Discussion and Analysis

Compensation Governance

The Company has established a Compensation Committee that is currently comprised of three members (Ross O. Glanville, Hannes P. Portmann and John H. Wright), all of whom are independent. Messrs. Glanville, Portmann and Wright have human resource and compensation experience relevant to oversee and advise on the Company's executive compensation practices. Mr. Glanville previously served as a member of the compensation committee of three other publicly-traded companies.

The Compensation Committee members have the necessary experience to enable them to make decisions on the suitability of the Company's compensation policies or practices. The Compensation Committee's responsibilities, powers and operation are described in Appendix A – "Corporate Governance Disclosure".

For the Company's financial year ended December 31, 2018, neither the Board of Directors nor the Compensation Committee retained any consultant or advisor to assist the Board of Directors or the Compensation Committee in determining compensation for any of the Company's directors and executive officers. However, during the first quarter of 2019, the Company through the Compensation Committee engaged the independent compensation and governance advisory firm, Global Governance Advisors to evaluate and provide recommendations on formalizing the Company's executive compensation program to be market competitive among a defined Peer Group and review its 2019 Management Information Circular.

Executive and Employee Compensation Objectives and Philosophy

The Board of Directors recognizes that the Company's success depends greatly on its ability to attract, retain and motivate superior performing employees, which can only occur if the Company has an appropriately structured and implemented compensation program.

The principal objectives of the Company's executive compensation program are as follows:

- (a) to attract and retain qualified executive officers, which includes having compensation that is competitive within the marketplace;
- (b) to align executives' interests with those of the shareholders; and
- (c) to reward demonstration of both leadership and performance.

The Company does not have a formal compensation program with set benchmarks. Individual compensation is not directly tied to performance goals which are based on any specific objective and identifiable measure, such as the Company's share price or earnings per share. However, the Company does have a compensation program which seeks to reward an executive officer's current and future expected performance. Individual performance is reviewed for all executive officers based largely on a quantitative and qualitative evaluation of the Company's achievement of corporate milestones and objectives. For 2019, the Company will be conducting a review of its compensation and, through the Compensation Committee, has engaged the independent compensation and governance advisory firm, Global Governance Advisors (GGA) in the first quarter of 2019. GGA will be evaluating and providing recommendations on formalizing the executive compensation program to ensure it is market competitive. This review will include analysis of the Company's current Peer Group to ensure it remains aligned with the current size and scope of the Company's operations.

There is no restriction on Named Executive Officers or directors regarding the purchase of financial instruments including prepaid variable forward contracts, equity swaps, collars, or units of exchange funds that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the Named Executive Officer or director. For the financial year ended December 31, 2018, no Named Executive Officer or director, directly or indirectly, purchased any financial instruments or employed a strategy to hedge or offset a decrease in market value of equity securities granted as compensation or held.

Compensation Review Process

The Compensation Committee is tasked with the responsibility of, among other things, recommending to the Board compensation policies and guidelines for the Company and for implementing and overseeing compensation policies approved by the Board.

The Compensation Committee also reviews on an annual basis the cash compensation, performance and overall compensation package of each executive officer, including the Named Executive Officers. It then submits to the Board recommendations for each executive officer with respect to base salary or consulting fee, bonus, and participation in equity compensation arrangements.

The Compensation Committee considered the implications of the risks associated with the Company's compensation policies and practices and concluded that, given the nature of the Company's business and the role of the Compensation Committee in overseeing the Company's executive compensation practices, the compensation policies and practices do not serve to encourage any Named Executive Officer to take inappropriate or excessive risks, and no risks were identified arising from the Company's compensation policies and practices that are reasonably likely to have a material adverse effect on the Company.

Elements of Executive Compensation Program

The Company's compensation program consists of the following elements:

- (a) base salary or consulting fees;
- (b) performance bonus payments; and
- (c) equity participation through the Company's Stock Option Plan.

Base Salary or Consulting Fees

In determining the annual base salary or consulting fee, the Board of Directors, with the recommendation of the Compensation Committee, considered the following factors:

- (a) the particular responsibilities related to the position;
- (b) salaries paid by other companies in the mining industry which were companies similar in size as the Company, at the same stage of development as the Company, and considered comparable to the Company;
- (c) the experience level of the Named Executive Officer;
- (d) compensation data provided in separate mining industry reports produced by Global Governance Advisors (GGA) and Bedford Consulting Group Inc. respectively; and
- (e) the amount of time and commitment which the Named Executive Officer devoted to the Company and is expected to devote to the Company in the future.

The Compensation Committee annually reviews the base salary or consulting fee payable to each NEO or the NEO's management company, respectively, based on the aforementioned criteria to ensure that compensation levels are competitive and fair.

For 2018, annual base salaries for NEOs were as follows:

Named Executive Officer and Position	Base Salary / Consulting Fee (\$)
N. Eric Fier – Chief Executive Officer	275,000
Anne Yong – Chief Financial Officer	145,000
Christopher Ritchie – President	250,000
Pierre Beaudoin – Chief Operating Officer	275,000
Nicholas Campbell – Vice President, Business Development	135,000

Performance Bonus Payments

The performance bonuses are payable in cash or through equity-based compensation, and the amount payable is based on the Compensation Committee's assessment of the Company's performance for the year. Factors considered in determining bonus amounts include individual performance, financial criteria (such as successful financings, project management performance), operational criteria (such as significant mineral property acquisitions and resource growth), results of internal and external economic studies, and the attainment of other corporate milestones).

In determining the award of performance bonuses, including the amounts thereof, the Board of Directors uses its discretion and takes into consideration the Company's annual achievements, applying weightings to determine overall percentage bonuses.

In respect of the 2018 financial year, the Board of Directors, with the recommendation of the Compensation Committee, awarded performance bonuses to the Named Executive Officers. In awarding the performance bonuses, the Board considered the following significant achievements of the Company in 2018:

Exploration:

- Progress of the Phase III exploration program at the Company's Las Chispas Property. During 2018, the Company drilled approximately 68,000 metres, completed rehabilitation of underground workings and discovered multiple high-grade silver-gold veins .
- Effective September 13, 2018, expanded the Las Chispas inferred resource to 4.3 million tonnes at 3.68 grams per tonne ("gpt") gold and 347 gpt silver, or 623 gpt silver equivalent (based on 75 (Ag):1 (Au) calculated using long-term silver and gold prices of U.S.\$18.50 per ounce silver and U.S.\$1,225 per ounce gold, with average metallurgical recoveries of 86.6% silver and 98.9% gold). The Inferred Resource Estimate contained 511,800 ounces gold and 48.3 million ounces silver, or 86.7 million ounces silver equivalent.

Corporate

- TSX-V ranked SilverCrest as one of the top ten performers in the mining industry over 2018. The ranking was based on the Company's increased market capitalization by 250% to \$339 million, increased share price by 123% to \$3.99 per share and increased trading volume by 30 million shares.
- Completion of a prospectus offering for 8,214,450 common shares of the Company at a price of \$2.10 per Common Share for gross proceeds of \$17,250,345.
- Completion of a non-brokered private placement with SSR Mining Inc. for 8,220,645 common shares of the Company at a price of \$3.73 per share for gross proceeds of \$30,663,006.
- The Company was listed on the NYSE American on August 21, 2018.

Equity Participation

The Company provides for equity participation in the Company through its Stock Option Plan. See “Option-based Awards”. The granting of stock options is intended to encourage the maximization of shareholder value by better aligning the interests of the executive officers with the interests of shareholders.

Option-based Awards

Options may be granted to purchase Common Shares on terms that the Board of Directors may determine, with recommendations from the Compensation Committee and subject to the limitations of the Company’s prevailing stock option plan and the requirements of applicable regulatory authorities. The Compensation Committee is mandated to review and make recommendations to the Board regarding the remuneration of executive officers, the granting of stock options to directors, executive officers, employees and consultants of the Company, and compensation policies, including the stock option plan.

Individual grants of stock options are determined by an assessment of the individual’s current and expected future performance, level of responsibilities, the importance of the proposed optionee’s position and contribution to the Company, and previous option grants and exercise prices.

The Company has a “rolling 10%” Stock Option Plan (the “Option Plan”) which was adopted by the Board of Directors on August 24, 2015, and first approved by the shareholders of the Company on June 22, 2016. The Option Plan includes the following provisions:

- The number of Common Shares to be reserved and authorized for issuance pursuant to options granted under the Option Plan is 10% of the issued and outstanding Common Shares from time to time.
- The Option Plan is administered by a “Committee” which means the Board of Directors or such committee of the Board of Directors that the Board of Directors has designated to administer the Option Plan (currently the Compensation Committee).
- The exercise price for options granted under the Option Plan will not be less than the “market price” of the Common Shares (which, under the Option Plan, is the last closing price of the Common Shares on the TSX-V before the date of the option grant) or such other minimum exercise price as may be required or permitted by the TSX-V.
- Options may be exercisable for a term of up to ten years, subject to earlier termination in the event of death or the optionee’s cessation of services to the Company.
- The vesting for each option shall be determined by the Committee at the time that the option is granted, and shall be specified in the option agreement or certificate in respect of the option.
- Options granted to any optionee who is a director, officer, employee or consultant shall expire the earlier of: (a) that date which is 90 days (30 days for optionees engaged in investor relations activities) after the optionee ceases to be in at least one of such categories unless an earlier date is provided for in the optionee’s option agreement or certificate; and (b) the expiry of the option period. The Company may extend the period specified in the aforementioned clause (a) in respect of any option for a specified period up to the expiry of the option period, subject to any applicable regulatory approvals.
- Options are non-transferable and non-assignable, except by will and by the laws of descent and distribution. During the lifetime of an optionee, the option may be exercised only by the optionee.

- In the event of the death of an optionee while in service to the Company or a related entity of the Company, each outstanding option held by the optionee (to the extent then vested and not exercised) shall be exercisable until the earlier of (a) the expiration of one year following such death unless an earlier date is provided for in the option agreement or certificate with respect to the option, and (b) the expiry of the option period, but only by the persons to whom the optionee's rights under the option shall pass by the optionee's will or by the laws of descent and distribution.
- If the expiry date of any option would otherwise occur during or within 10 business days following the end of a period in which the trading of the Common Shares is restricted by the policies of the Company (a "Blackout Period"), then the expiry date of such option shall be extended to the date which is the 10th business day following the expiration of the Blackout Period.
- The Committee may, in its discretion but subject to any necessary regulatory approvals, provide for the extension of the exercisability of a stock option, accelerate the vesting or exercisability of any option, eliminate or make less restrictive any restrictions contained in an option, waive any restriction or other provision of the Option Plan or an option or otherwise amend or modify an option in any manner that is either (a) not adverse to the optionee or (b) consented to by such optionee.
- If there is a takeover bid or tender offer made for all or any of the issued and outstanding Common Shares (a "Bid"), then the Committee may, by resolution, permit all outstanding options to become immediately exercisable in order to permit the Common Shares issuable under such options to be tendered to such Bid. If the Bid is not completed within the time specified therein or all of the Common Shares tendered by the optionee pursuant to the Bid are not taken up or paid for by the offeror in respect thereof, the Common Shares received pursuant to such exercise, including any Common Shares that are not taken up and paid for pursuant to the Bid, may be returned by the optionee to the Company, and the Option shall be reinstated as if it had not been exercised.
- In lieu of exercising an option, the Committee may permit an optionee to elect to receive, without payment by the optionee of any additional consideration, Common Shares equal to the value of the option (or the portion thereof being exercised) by surrender of the option to the Company, together with written notice reflecting such "cashless" exercise. In such event, the optionee shall receive that number of Common Shares, disregarding fractions, which, when multiplied by the market price on the date of the cashless exercise, have a total value equal to the product of that number of Common Shares subject to the option times the difference between the market price on the date of the cashless exercise and the option exercise price. For the purpose of cashless exercises of options, the market price of one Common Share as of a particular cashless exercise date is the volume weighted average trading price of one Common Share on the TSX-V, or another stock exchange where the majority of the trading volume and value of the Common Shares occurs, for the five trading days immediately preceding such date.
- The Board may in its absolute discretion amend the Option Plan without shareholder approval at any time, provided that no such amendment will adversely affect any outstanding options granted thereunder without the optionee's consent. Without limiting the generality of the foregoing, the Board may make the following types of amendments to the Option Plan without shareholder approval:
 - (a) any amendment pertaining to the vesting provisions of each option;
 - (b) any amendment to the terms of the Option Plan relating to the effect of termination, cessation of employment, disability or death of an optionee on the right to exercise options;
 - (c) any amendment as may be necessary or desirable to bring the Option Plan into compliance with securities, corporate or tax laws and the rules and policies of any stock exchange upon which the Common Shares are from time to time listed;

- (d) any amendment of a “housekeeping” nature including, but not limited to, amendments of a clerical, grammatical or typographical nature;
- (e) any amendment with respect to the administration of the Option Plan;
- (f) any amendment to correct any defect, supply any information or reconcile any inconsistency in the Option Plan in such manner and to such extent as shall be deemed necessary or advisable to carry out the purposes of the Option Plan;
- (g) any amendment to the termination provisions of the Option Plan or any option, other than an amendment extending the expiry date of such option beyond its original expiry date;
- (h) any amendment to the class of eligible persons that may participate under the Option Plan; and
- (i) any other amendments, whether fundamental or otherwise, not requiring shareholder approval under applicable law or the rules, regulations and policies of any stock exchange on which the Company’s shares are listed and of all securities commissions or similar securities regulatory authorities having jurisdiction over the Company.

Any amendment to the Option Plan is also subject to any necessary approvals of any stock exchange or regulatory body having jurisdiction over the securities of the Company and, where required for such approvals, the approval of the shareholders of the Company.

As the Option Plan is a “rolling percentage plan”, the TSX-V requires the Option Plan to be approved yearly by the shareholders of the Company. The Option Plan was last approved by the shareholders of the Company at the 2018 annual general meeting and renewal shareholder approval will be sought at the Meeting. See “Particulars of Other Matters to be Acted Upon — Stock Option Plan”.

Employment and Consulting Agreements / Termination and Change of Control Benefits

The Company has entered into an employment or consulting agreement with each of its NEOs or the NEO's management company that include termination and change of control provisions.

N. Eric Fier (through Maverick Mining Consultants Inc.)

The Company has a management consulting agreement effective October 1, 2015 (the "Maverick Agreement"), with Maverick Mining Consultants Inc. ("Maverick"), a company wholly-owned by N. Eric Fier, whereby the Company retained Maverick to provide executive, managerial and consulting services to the Company and, in particular, to provide the services of Mr. Fier as an executive officer of the Company. In consideration for the services provided under the Maverick Agreement, the Company agreed to pay consulting fees (as recommended by the Compensation Committee) plus applicable taxes, payable in equal monthly instalments, subject to increases as the Board in its discretion may determine from time to time. The Maverick Agreement is automatically renewable for consecutive one-year terms.

Maverick can terminate the Maverick Agreement by giving three months' written notice to the Company. The Company may terminate the Maverick Agreement with immediate effect upon written notice to Maverick:

- (a) in the event of a material breach by Maverick of any of Maverick's obligations; or
- (b) for any reason other than a material breach by Maverick, provided that the Company shall pay to Maverick a termination payment equal to one and one-half (1.5) times of both the then applicable base rate per annum payable to Maverick and any bonus paid or payable to Maverick by the Company in respect of the Company's most recently completed financial year.

If the Company undergoes a change of control (as defined in the Maverick Agreement) and either (a) within six months after the date of the change of control, the Company delivers written notice to Maverick terminating the Maverick Agreement, or (b) within three months following the date of change of control, Maverick terminates the Maverick Agreement, then the Company shall pay to Maverick a change of control payment equal to two times of both the then applicable base rate per annum payable to Maverick and any bonus paid or payable to Maverick by the Company in the respect of the Company's most recently completed financial year.

Employment Agreements with Other NEOs

The Company also has entered into an employment agreement (each a "Senior Executive Agreement") with each of its other NEOs (Anne Yong, Christopher Ritchie, Pierre Beaudoin and Nicholas Campbell) with an indefinite term and provisions (as recommended by the Compensation Committee) regarding base salary, short-term incentives, paid vacation time, eligibility for benefits and security based compensation, and confidentiality provisions of indefinite application. Under the terms of each Senior Executive Agreement, the Company may terminate the NEO's employment for cause (as defined in the Senior Executive Agreement) or without cause. The NEO may terminate the Senior Executive Agreement by giving three months' written notice to the Company. If the NEO is terminated without cause, or in the event that the NEO leaves the Company within six months of a change of city from which the Company operates, then the Company shall pay the NEO an amount equal to six months (12 months for Mr. Ritchie and Mr. Beaudoin) of the then annual base salary plus (i) one month per each year of service up to a maximum of 12 months (18 months for Mr. Ritchie and Mr. Beaudoin) in the aggregate; (ii) the pro rata amount of the previous financial year's annual bonus; and (iii) the cash equivalent of the Senior Executive's accrued vacation pay. In the event of termination of the Senior Executive's employment within six months of a change in control (as defined in the Senior Executive Agreement) of the Company (or within three months following the date of change of control by a "hostile party" without the support of the majority of the Board, Mr. Beaudoin terminates the Senior Executive Agreement), the Senior Executive is entitled to receive an amount equal to six months (12 months for

Mr. Ritchie and Mr. Beaudoin) of the then annual base salary plus (i) one month per year (two months per year for Mr. Beaudoin) of service up to a maximum of 12 months (18 months for Mr. Ritchie and Mr. Beaudoin)) in the aggregate; (ii) the cash equivalent of the NEO's accrued vacation pay; (iii) the pro rata amount of the previous financial year's annual bonus (in absence of which an amount to be determined by the Compensation Committee); and (iv) the cash equivalent of one month's vacation pay. The Senior Executive Agreement also contains non-competition and non-solicitation clauses effective during the term of employment and effective two years and 12 months, respectively, following the termination of the Senior Executive Agreement.

The table below summarizes the estimated incremental payments related to termination scenarios under the Maverick Agreement and each Senior Executive Agreement.

NEO	Termination without Cause	Change of Control
N. Eric Fier (Maverick)	\$680,625	\$907,500
Anne Yong	\$181,250	\$193,333
Christopher Ritchie	\$412,500	\$433,333
Pierre Beaudoin	\$275,000	\$297,917 ⁽¹⁾
Nicholas Campbell	\$189,000	\$200,250

(1) Mr. Beaudoin was appointed COO on November 13, 2018, the pro rata amount of annual bonus to be included for a Change of Control would be determined by the Compensation Committee.

The Company and Board have considered term limits and believes that:</p> <ul style="list-style-type: none"> • longer tenure does not impair a director’s ability to act independently of management; • the imposition of director term limits on a board may discount the value of experience and continuity amongst board members and runs the risk of excluding experienced and potentially valuable board members; and • regular evaluation of Board skills and experience, rather than arbitrary term limits, will result in better Board performance. <p>The Board of Directors will periodically consider whether term limits or other mechanisms of renewal for the Board of Directors should be adopted and will implement changes when if deemed necessary.</p>

It believes that a written policy to set quotas or targets is not the most appropriate manner in which to achieve regulated disclosure of diversity objectives. Overall, The Board recognizes that gender diversity is a significant aspect of board diversity and acknowledges the important role that women with appropriate and relevant skills and experience play in contributing to diversity of perspective and effectiveness in the boardroom.</p> <p>Directors, executives and senior management are recruited based upon their range of skills, experience and potential contributions to the direction and operation of the Company.</p> <p>Should a gender diversity policy be deemed appropriate in future, the Company will determine at that time, whether setting specific targets and objectives to achieve diversity is appropriate.</p>
