N. Eric Fier, CPG, P.Eng, and CEO, remarked, "With our continued success at Las Chispas, we are excited to add the necessary people and skill sets to complement our highly experienced and dedicated team. We welcome Pierre's contribution as we move towards breaking ground on the new decline into the Area 51 zone (Babicanora Vein). Also, Pierre will be supervising preparation of the Preliminary Economic Assessment, targeted for completion in Q1 of 2019. This will allow our exploration team to focus on the ongoing expansion and infill drilling program for an updated resource estimate and resource re-categorization. We are excited to have Pierre join the team as COO to help manage this critical period of development for the Company and we also thank him for his contributions at the board level."
